

Geography

Essential Characteristics of geographers

- An excellent knowledge of where places are and what they are like.
- An excellent understanding of the ways in which places are inter-dependent and inter-connected and how much human and physical environments are inter-related.
- An extensive base of geographical knowledge and vocabulary.
- Fluency in complex geographical enquiry and the ability to apply questioning skills and use effective analytical and presentational techniques.
- The ability to reach clear conclusions and develop a reasoned argument to explain findings.
- Significant levels of originality, imagination or creativity as shown in interpretations and representations of the subject matter.
- Highly developed and frequently utilised fieldwork and other geographical skills and techniques.
- A passion for and commitment to the subject and a real sense of curiosity to find out about the world and the people who live there.
- The ability to express well balanced opinions, rooted in very good knowledge and understanding about current and contemporary issues in society and the environment.

Key Concepts:

- **Investigate places** – this concept involves understanding the geographical location of places and their physical and human features.
- **Investigate patterns** – this concept involves understanding the relationships between the physical features of places and the human activity within them, and the appreciation of how the world's natural resources are used and transported.
- **Communicate geographically** – this concept involves understanding geographical representations, vocabulary and techniques.

Geography Coverage Y3/4/5 (milestone 2)

Key Concepts	CYCLE A			CYCLE B			CYCLE C		
Milestone Descriptors	AUT 19 Ancient Egypt	SPR 20 Brazil	SUM 20 We Are Britain	AUT 20 The Romans	SPR 21 Lancashire Vs Sussex	SUM 21 ?	AUT 21 Ancient Greece	SPR 22 France	SUM 22 ?
Investigate places									
Ask and answer geographical questions about the physical and human characteristics of a locations.		✓	✓		✓			✓	
Explain own views about locations, giving reasons.	✓	✓	✓	✓	✓		✓	✓	
Use maps, atlases, globes and digital computer mapping to locate countries and describe features.	✓	✓		✓	✓		✓	✓	
Use fieldwork to observe and record the human and physical features in the local area using a range of methods including sketch maps, plans and graphs and digital technologies.			✓		✓			✓	
Use a range of resources to identify the key physical and human features of a location.		✓	✓	✓	✓		✓	✓
