

## How do I access my child's remote learning?

Firstly, please open up your ReachMoreParents app.

Next, please click on the schools name. If you have access to multiple schools, please ensure you click on the correct school.

From here, tap on the Parent area icon that looks like 2 parents and a child, at the bottom of your screen.

Now, look for and click on the Home Learning icon.

Here you will now see all Homework that has been set for your child, including;

> When it was set

> When it is due

> Whether it is overdue

The screenshot shows a mobile application interface for 'Home learning'. At the top, there is an orange header with a briefcase icon and the text 'Home learning'. Below the header is a search bar containing the word 'All' and a magnifying glass icon. The main content area displays a list of homework assignments, each in a white card with a red border. The first card is for 'Reading Homework' in English, set on 26/07/2023 at 09:00 and due on 09/08/2023 at 16:00. The second card is for 'Comprehension Homework' in English, set on 06/07/2023 at 09:00 and due on 13/07/2023 at 16:00. The third card is partially visible, showing 'Maths Homework'. Each card has a red hourglass icon on the right side, indicating the due date.

From here, simply click on the piece of work you wish to view to open it. This will then allow you to see all the information for that homework as well as how the school wishes for you to submit completed work.

## Reading Homework

Subject: English

Task type: Homework

Set: 26/07/2023 09:00
